

PI QUESTIONS

Q1. Tell me something about yourself ?

Ans : Good Morning Sir/Mam,

First of all thank you for giving me this opportunity to introduce myself.

My Name is Surendra Pratap Tomar.

I am 20 years old. I am born and brought up in Agra (UP).

Let me tell you about my academic background, I Passed my 10th from St. Andrews Ser Sec School Agra and 12th from D.A.D Inter College Agra. Currently, I'm pursuing a bachelor's in computer science from GLA University Mathura.

I have done Some projects which is based on technologies such as java, HTML, CSS, SQL.

Along with my study, I have completed some certifications Front end Web Development and Java Course in Udemy and Coursera and also self-improvement some skills like DS, Java, SQL, HTML, CSS, C and i have different problem solving skills and analytical thinking.

My Hobbies is Travelling .

Q2. why should i hire you ?

Ans : Sir/Mam I am a fresher, I don't have any work experience but I will do my best in your organization support to the development of your company. I'm interested in learning new things and dedicated to my work in your organization and I will complete the task within the stipulated period.

Q3. why choose GLA ?

Ans : I have Chosen GLA University because I have discovered about it and I found that there is no ragging, infrastructure is very good, Faculty is very supportive. There are different clubs like natraj club, ninad and code busters club. Being Socially active GLA gave me a lit of exposure of different clubs and other activities. Apart from Technical skills I also learn managerial skills and placement is very good.

Q4. who is your role model ?

Ans : My Role Model are my father and my mother. Because my father taught me how to be patient in critical matters and also he taught me the value of time. He always tell me, respect the time. And my mother taught me that never lose your honesty.

Q5. What are your strength and weaknesses ?

Ans : Strength: I am a self-motivated person and I am very optimistic in every situation. I believe everything happens for a reason. So even when there are a lot of negative effects, I look for that one positive side.

Weakness: I just can't keep anything half-done. If some work is pending, I just go on working on it and that sometimes affect my other work routine.

Q6. why do you want to work at our company ?

Ans : Because everybody wants to start their career with the best company and as a fresher, I would like to join your company because your company is the fastest-growing company in the industry and if I join it will be a great opportunity for increasing my knowledge and upgrading my skills.

Q7. what's challenges and failure in your life?

Ans : Failure : I was given significant time to wrap up the task. I split the work according to my deadline. When just 2 days were left, I shut down the system without saving my work. I quickly realized the mistake and restarted the work just to finish it in time.

Q8. What is the difference between hard work and smart work ?

Ans : I thought hard work and smart work are Two sides a coin. Both are incompleted with anyone.

Hardwork gives you experience and smart work comes with experience.

Q9. what are your goals ?

Ans : My short term goal is to get a job in a reputed company where i can grow my working skills and gain more and more knowledge that will help me in the future.

My Long term goal is to become a more responsible and knowledgeable personality and achieve a good position in the organisation.

Q10. Are you ready to relocate ?

Ans : Yes, I am willing to relocate. Because I am used to it. And it's a great chance for me to explore new places and to meet new people. And working with new people will give more new ideas and experience also.

Q11. How much salary do you expect ?

Ans : I am fresher, salary is not first priority for me. This is a big platform to start my career. And I also want to improve my knowledge and skills and gain experience so I expect a considerable of salary according to my ability and your company's norms which fulfill my economical needs.

Q12. what motivates you to do good job ?

Ans :

The result and appreciation that I got from my hard work motivate me a lot to do a good job.

Q13. What about Internships ?

Ans : I have done my Internship as a JOVAC Data Science (GLA University Mathura) for the Duration of 1 Months.

They helped me in my work and also taught about the field i am going to work in.

I Have learnt alot of things during my Internship i.e.
How to utilize my Academic knowledge for the Real-Time Application.
How Companies actually works on the Projects.

During my Internship i have learnt to work on the project which is given by the Organization, GLA University Mathura (Python, Jupyter Notebook) And used the same.
